SIERRA MADRE AVENUE AT BARRANCA AVENUE

ROADWAY IMPROVEMENT PROJECT

COUNTY OF LOS ANGELES
CITY OF GLENDORA

A construction contract for the improvement of Sierra Madre Avenue from Barranca Avenue to 800 feet east of Barranca Avenue has been awarded to United Paving Company. The project will consist of widening and reconstruction of the north side of the roadway and construction of curbs, gutters, sidewalks, driveways, wheelchair ramps, retaining walls, and a drainage system.

The contractor is expected to begin work within the next few weeks. The contract will require approximately three months to complete. If more detailed construction schedule information is required or if you have any other questions about the project, please contact **Mr. Khaled Alqam** of the Department of Public Works at **(626) 458- 4967** or by Telecommunications Device for the Deaf (TDD) at (626) 282-7829 (refer to Project ID No. RDC0014259 – Sierra Madre Avenue at Barranca Avenue). Our office hours are from 7:00 a.m. to 5:30 p.m., Monday through Thursday. A Public Works inspector will be on the site during construction and will be available to provide you with more information about the project.

Some items in the parkway area, such as trees, shrubs, mailboxes, and fences will have to be removed to widen the north side of the street. Sprinkler systems that extend into the roadway area will be capped to prevent leakage. Property owners are encouraged to consult with the inspector and remove any salvageable items from the parkway before the contractor begins clearing operations in the area.

TRAFFIC INFORMATION

There may be certain unavoidable inconveniences during the construction period. Temporary "NO PARKING" signs will be posted at least one day prior to the arrival of the work crew in your area. Access to your property will be provided by the contractor, except for short periods when it is impractical to do so. We will make every effort to minimize any inconvenience caused by the construction and we ask for your understanding and cooperation.

PROJECT FINANCING

A portion of this project is located within the City of Glendora. A County-City cooperative agreement provides for the City to contribute toward the project cost. The remaining portion of the cost will be financed with State Proposition 1B transportation bond funds. The improvements will be constructed at no cost to the adjacent property owners.
