

These days, teens don't have to go out looking for drugs; they can just go to the medicine cabinet. Even as teen use of "street drugs" is on the decline, the abuse of prescription drugs is increasing. The perception is that they're safe even though abuse can lead to paranoia, addiction, seizures, and death. You can prevent abuse by safeguarding and monitoring your family's medications. Educate yourself. Find out more at theantidrug.com. You can stop the dealer.
